The UBU Your Place Your Space 'seven personal and social development outcomes' are directly linked to Skills Summary. As an online tool that measures the skills young people gain through non-formal education, like youth work and volunteering, Skills Summary is designed to help youth organisations to measure and communicate these outcomes, while also demonstrating the value of this work.

An Roinn Leanaí agus Gnóthai Óige
Department of Children and Youth Affairs

Skills Summary is a partnership project between the National Youth Council of Ireland, SpunOut.ie, and Accenture. It is funded by the Department of Children and Youth Affairs and is recognised as a measurement tool in the Youth Employability Initiative.
