

# Creativity

## lyrics

Not everybody has a brain for books  
Some of us aspire to write them  
Not every hobby is as easy as it looks  
but I think it's time we showcase all of them  
Ideas come flowing in  
and brainwaves they leave  
You could be creative if you just believe  
And though I'm not here to tell you to be a certain way  
I do hope that you listen to what I have got to say  
C-R-E-A-T-I-V-I-T-Y  
can't we just be creative all the time?  
Youth and communities  
open your mind wide  
C-R-E-A-T-E — let this be your guide  
You don't have to be a painter  
You don't have to be a poet  
If you just use your imagination  
and express different ways to show it  
your mind's a world of its own  
and you are the ruler

You can take each thought and  
mend it to be something even cooler

You could build a rocket ship  
or even just a paper clip

No rules to creativity

take it from me

C-R-E-A-T-I-V-I-T-Y

can't we just be creative all the time?

Youth and communities

open your mind

C-R-E-A-T-E

Let this be your guide

Let this be your guide

Let this be your guide
